SPACE ROGUE

ORIGIN

The klaxon screams a warning. Two Darts and a Corsair closing fast. Pirates! . . .

NEW!

. . . You roll hard to avoid the incoming plasma torps, but one strikes and knocks out the rear shield. Spinning to protect the stern, you launch a heat seeker. The Corsair bursts into shards. Stunned, the Darts run for deep space.

Later, over a pint of Rigelian ale in the Lagrange Station cantina, a bounty hunter tells of the Scarlet Brotherhood, the most feared band of pirates in the Far Arm. You hope it wasn't one of their Corsairs you vaporized out there . . .

Stuart B. Marks

ORIGIN

In the era of Cybernetics, wars are fought not by men, but by sophisticated machines. . .

NEW!

. . . Battles are won by the people who create these armored warriors — teaching them to think, to move, to fight.

Join the elite cybernetic engineers at the Organization of Strategic Intelligence and lead a monumental effort to design the world's supreme cybertank. You'll define chassis specifications, install lethal weaponry, integrate electronic systems, and devise Artificial Intelligence (AI). You'll test your design in simulated combat, and find out if it's more cunning and deadly than any other.

Your heart pounds as you approach the fearsome Stone Ogre. Ducking under the swath of its huge axe, . . .

. . .you thrust high and widen the beast's toothy grin. But the Ogre counters, its rusty blade biting into your thigh. The wound isn't bad, but soon it, and the weight of your chainmail, slow your efforts.

Desperately you slash at the Ogre, driving it back, and earning a moment's rest. Taking a deep breath, you lunge and strike the Ogre a telling blow. The monster staggers, then falls. Wiping the sweat from your brow, you scan the field for your next foe . . .

ORDER FORM

In the beginning....

ORIGIN was founded in 1983 by a team of four: Robert and Richard Garriott, Charles Bueche, and ex-NASA astronaut, Owen Garriott.

In 1979, Richard (a.k.a. Lord British) released his first fantasy game, *Akalabeth*, after much encouragement from the owner of the Computerland store in which he worked. Total sales reached 25,000 copies - unheard of at that time! This overwhelming reception motivated Richard to create *Ultima I*, which skyrocketed to the top of the best selling charts. A year later, *Ultima II* sold over 100,000 copies.

At this point, the need for greater creative control over *Ultima*, led to the founding of ORIGIN. Robert Garriott, a graduate of MIT's Sloan School of Management, left his position as an engineer with AT & T's Bell Laboratories to become President of the Company. Sales for *Ultima III*, ORIGIN's first product, far exceeded previous successful records set by *Ultima I & II*. Since then, *Ultima* has become the epitome of fantasy role-playing entertainment software the world over. In Japan, the land of Britannia and its inhabitants have woven themselves into the local culture spawning books, comics, records, and even a popular cartoon show. Europeans are now finally able to absorb themselves in *Ultima* through translations into French, German, and Spanish. And 1990 marks the Tenth Anniversary of the ever-popular *Ultima* series! What better way to commence the festivities than to debut the long-awaited *Ultima VII*!

Utilizing the most talented and creative game designers, writers, artists, musicians and technicians available, ORIGIN has established a reputation for top-quality, first class entertainment with a recognized commitment to excellence. And now ORIGIN's innovative series of action, arcade and role-playing adventures encompasses an ever-expanding product line to include sophisticated 3D space flight simulation, authentic animated martial arts simulation, and strategic design simulation.

On behalf of the more than 50 professionals at ORIGIN, we welcome you to our worlds. And we thank each of you, our valued customers, for your support, feedback, and encouragement to keep exploring new frontiers. Please keep those cards and letters coming as we continue to fill our "Gaming Wall of Fame" in Austin...that's our tribute to YOU!
